TECHNICAL SPECIFICATION

MILSAN

Milsan is a stable solution of sodium hypochlorite which completely destroys all viable micro-organisms including spores. It is both non-toxic and non-tainting.

Features include:

- Non-toxic, safe and versatile.
- Complete protection for your baby and home.
- Breaks down proteins effectively.
- Surfactants used are biodegradable and phosphate free.

PROPERTIES:

Appearance @ 20°C
pH (neat)
Odour
Specific Gravity @ 20°C
Flammability

SPECIFICATION:

Straw coloured, clear, non viscous liquid
14
Characteristic / chlorinated
1.164 +/- 0.003
Non-flammable

DIRECTIONS FOR USE:

- Clean bottles and teats thoroughly with warm soapy water, then rinse with cold water, for latex teats, rub inside and out with salt to remove all milk deposits and rinse. Add 30ml to 5Lt of water (i.e. 1:160), ensure no air bubbles are trapped inside the bottles/utensils, after 30 min or can be left for 24 hours wash your hands before removing and drain bottles/utensils – no need to rinse.
- For kitchen hygiene make a fresh solution daily 15ml to 2.5Lt water – to disinfect non-metallic work surfaces, cupboards, shelves, cookers, chopping boards, plastic utensils, fridges and freezers etc (i.e.1:160).
- For hygienic cleaning of fruit and vegetables: rinse to remove dirt/debris. Dose 50ml in 10L cold water (i.e. 1:200). Immerse vegetables/fruit in solution for 5 minutes. Rinse thoroughly.

STORAGE:

Store in original container and protect from extremes of temperature. Do not store in direct sunlight nor allow the product to freeze. Shelf life (in unopened original container) is a minimum of 18 months.

SAFETY ADVICE:

Under the new GHS Standard this product is classified as Corrosive to eyes. Please refer to section 2.2 of the Safety Data Sheet for more information.

PACK SIZE:

2X5L case (80 per pallet)

Order code: DISMILSAN-2X5L
